

**Programme of the 16th ASCoN Conference and Workshop
At UNISERV, Chiang Mai University, THAILAND**

D0: Thursday, 7th December 2017, Pre-congress Workshops

08.00-09.00	Registration for ASCoN Workshop and Conference
--------------------	---

FULL DAY WORKSHOPS

WS 1: Neuro-urology, neurogenic bladder and bowel dysfunction: what rehab doctors, neurologists, urologist, nurses and therapists should know (09.00-16.30) **FAI KHAM Room, 1st Floor**

(This workshop is supported by INUS, the International Neuro-Urology Society)

Chairperson: Prof. Dr. Helmut Madersbacher

Moderator: Dr. Sintip Pattanakuhar

9:00 – 9:45 WS1.1: Neurophysiology and neuropathophysiology of bladder and sphincter; and discussion

Prof. Dr. Helmut Madersbacher

9:45 - 10:15 WS1.2: The diagnostic work-up of patients with neurogenic bladder and sphincter. Are urodynamic tests always necessary? And discussion

Dr. Stephanie Musco

10:15 - 10:45 Morning break

10:45 – 11:15 WS1.3: Management of urologic symptoms in patients with stroke, MS, Parkinson and dementia; and discussion

Prof. Dr. Helmut Madersbacher

11:15 – 12:00 WS1.4: The spinal reflex bladder: which therapies can be offered nowadays? and discussion

Dr. Stephanie Musco

12:00 – 12:30 WS1.5: Neurogenic bowel dysfunction, pathophysiology and management, and discussion

Assoc. Prof. Apichana Kovindha

12:30 – 13:30 Lunch

13:30 – 16:30 Case discussions together with the participants *(Participants are invited to bring up their cases)*

Prof. Dr. Helmut Madersbacher, Dr. Stephanie Musco, Assoc. Prof. Apichana Kovindha

WS 2: Enhancing mobility: how to? (09.00-16.00) **PUANG KRAM Room, 2nd Floor**

Chairperson and speaker: Prof. Lisa Harvey

Moderator: Assoc. Prof. Dr. Somporn Sungkarat and Mr. Narongrat Sawattikanon

WS2.1: Exercise training for wheelchair users and for ambulators

WS2.2: Demonstration & practice

Case discussion

WS 3: Building confidence after SCI (for SCI consumers and accompanying persons) (09.00-16.00) **BUATHONG Room, 1st Floor**

Chairperson: Ms. Nipapan Tipayajak

Moderator: Ms. Tuenchai Attawong and Wacharapron Witayanil

Topics: to cope with disability, for independent living and to empower peers

Participants: 10-15 Thai SCI consumers will share their experience

|--|---|
| <ul style="list-style-type: none"> - <i>My career, my home</i> - <i>From a burden to a change agent</i> - <i>Inspiration of my life</i> - <i>Nothing impossible, believe in yourself</i> - <i>Important steps in recovery and building confidence for independent life</i> - <i>Till I believe in myself</i> | <ul style="list-style-type: none"> <i>Mr. Manakit Thaolorm</i> <i>Mr. Atthapon Kantha-udom</i> <i>Miss Sudarat Thianchak</i> <i>Miss Busara Booranapansri</i> <i>Mr. Aaron Vamosh</i> <i>Ms. Kanticha Ruangdang</i> |
|--|---|

Remark: This session, the presenters will speak in Thai but there will be someone to translating to those who are not Thai.

Morning break: 10.30-11.00; lunch: 12.30-13.30; afternoon break: 15.30-16.00 or after the session ends

HALF DAY – MORNING WORKSHOPS (09.00-12.00)

<p>WS 4: Building capacity of rehab professionals FUANG FAH Room, 2nd Floor <i>Chairperson: Mr. Stephen Muldoon</i> <i>Moderator: Ms. Maggie Muldoon</i></p> <p>Topic: What? Why? How to build capacity of rehab professionals? <i>Speakers: Mr. Stephen Muldoon</i></p>
<p>WS 5: Tetraplegic hand PHUANG SAET Room, 2nd Floor <i>Chairperson: Assoc. Prof. Siam Tongprasert</i> <i>Moderator: Mrs. Narumol Sumin and Arunothai Sukkraithai</i></p> <p>Topic: Assessment and therapy; and demonstration <i>Speakers: Assoc. Prof. Siam Tongprasert</i></p>

HALF DAY – AFTERNOON WORKSHOPS (13.00-16.00)

<p>WS 6: Sexuality and disability FUANG FAH Room, 2nd Floor <i>Chairperson: Dr. Stanley Ducharme</i> <i>Moderator: Dr. Sintip Pattanakuhar</i></p> <p>Topics: Counseling and management <i>Speakers: Dr. Bum-Suk Lee, Dr. Stanley Ducharme, Mr. Shivjeet Singh Raghav</i></p>		
<p>WS 7: Pressure ulcers PHUANG SAET Room, 2nd Floor <i>Chairperson: Assist. Prof. Pratchayapon Kammuang-lue</i> <i>Moderator: Dr. Thiti Thoowadaratrakool</i></p> <p>Topics: Wheelchair cushions selection, Pressure mapping and demonstration <i>Speakers: Assist. Prof. Pratchayapon Kammuang-lue, Ms. Kanyaluk Uttrachon</i> <i>Assistant: Ms. Nawaporn Jitngam, Ms. Tarinee Prakobhong</i></p>		
<p>SE1 16.30-17.30</p>	<p>Raising awareness of SCI prevention OUTDOOR ACTIVITY WITH SCI CONSUMERS</p>	<p>NEARBY UNISERV</p>
<p>SE2 18.00-21.00</p>	<p>Opening ceremony of the 16th ASCoN conference GET TOGETHER PARTY</p>	<p>INTHANIN Room</p>

D1: Friday, 8th December 2017

08.00-08.30	Registration at the registration desk	
Time	FHI KHUM Room	BUATHONG Room
8.30-8.45	Introduction to the 16th ASCoN 2017 Conference <i>Assoc. Prof. Apichana Kovindha</i> <i>(Chairperson of the 16th ASCoN)</i>	
8.45-10.15 (90 min)	<p><u>Plenary Session 1: Pressure Ulcer</u> <i>Chairperson: Assoc. Prof. Apichana Kovindha</i> <i>Moderator: Assist. Prof. Pratchayapon Kummueg-lue</i></p> <p>PS1.1: Development of an online toolkit for assessment and management of pressure ulcer injuries in people with SCI (20 min) <i>Prof. James Middleton</i></p> <p>PS1.2: The reliability of measuring wound undermining in people with spinal cord injury (20 min) <i>Dr. Mohit Arora</i></p> <p>PS1.3: Laser therapy for treating pressure ulcer in spinal cord injured patients: is it time to reconsider? (20 min) <i>Dr. Sintip Pattanakuhar</i></p> <p>PS1.4: Educational programme using the health belief model as an educational programme for effective pressure ulcer prevention in persons with SCI (20 min) <i>Assoc. Prof. Nazirah Hasnan</i></p> <p>Q &A</p>	<p><u>Plenary Session 2: Improving Mobility</u> <i>Chairperson: Assoc. Prof. Siam Tongprasert</i> <i>Moderator: Mr. Narongrat Sawattikanon</i></p> <p>PS2.1: Weakness is an important determinat of function yet we know little about the effectiveness of different therapeutic interventions (40 min) <i>Prof. Lisa A Harvey</i></p> <p>PS2.2: Evidence-based on physiotherapy (40 min) <i>Assoc. Prof. Julia E Patrick</i></p> <p>Q &A</p>
10.15-10.45	<i>Coffee break and viewing posters</i>	
10.45-12.15 (90 min)	<p><u>Free Paper 1: Pressure Ulcer</u> <i>Chairperson: Assoc. Prof. Apichana Kovindha</i> <i>Moderator: Assistant Prof. Pratchayapon Kammuang-lue</i></p> <p><i>(8 minutes for presentation, Q &A 2 minutes)</i></p> <p>OP1.1: The paradox of pressure ulcers in spinal cord injury: comparison between tetraplegia and paraplegia <i>Shivani Rajasegaran</i></p> <p>OP1.2: Why-why analysis of pressure ulcer with ICF framework <i>Ms. Warangkana Sitthikan</i></p> <p>OP1.3: Integrative rehabilitation program in SCI patient with high risk pressure ulcer and depression can prevent Pressure Ulcer: A Case Report Study <i>Dr. Putri Khaerani</i></p> <p>OP1.4: How pressure sore prevented for person with spinal cord injury in Bangladesh <i>Shakhanwath Hossain</i></p> <p>OP1.5: A prototype of an automatic air mattress turning device for pressure ulcer prevention <i>Narongrat Sawattikanon</i></p> <p>OP1.6: Low level laser therapy in chronic pressure ulcer of cervical cord injury: is it beneficial? A case report <i>Dr. Anggie Putri Nayanti</i></p> <p>Q &A</p>	<p><u>Plenary Session 3: Cardiovascular and Exercise Issues</u> <i>Chairperson: Prof. Henry Prakash Magimairaj</i> <i>Moderator: Dr. Sintip Pattanakuhar</i></p> <p><i>Opening lecture</i></p> <p>PS3.1: Heart and endurance activity for SCI persons (20 min) <i>Prof. Henry Prakash Magimairaj</i></p> <p><i>Research and case report</i></p> <p>PS3.2: Strength training for partially-paralysed muscles in people with recent spinal cord injury: a within-participant randomized controlled trial (10 min) <i>Angeli Gambhir</i></p> <p>PS3.3: High sensitivity cardiac troponin-t in chronic spinal cord injury (10 min) <i>Prof. Henry Prakash Magimairaj</i></p> <p>PS3.4: Bleeding complication from pharmacological treatment of DVT in Thai SCIs: is it time to reconsider our guideline (10 min) <i>Dr. Sintip Pattanakuhar</i></p> <p><i>Ending lecture</i></p> <p>PS3.5: Deep vein thrombosis guideline (20 min) <i>Dr. Sintip Pattanakuhar</i></p> <p>Q &A</p>
12.15-13.30	<i>Lunch – Enjoy Thai Foods; Halal foods available for Muslim</i>	

Time	FHI KHUM Room	BUATHONG Room
13.30-15.00 (90 min)	<p>Free Paper 2: Research Contest for ASCoN Awards (This contest is supported by ISCoS and SPIRIT) <i>Judges: Prof. Lisa Harvey (Chairperson)</i> <i>Assoc. Prof. Julia E Patrick</i> <i>Dr. Bum-Suk Lee</i></p> <p><i>Moderator: Asst. Prof. Pratchayapon Kummueng-Jue</i> (8 minutes for presentation and 2 minutes for Q & A)</p> <p>OP2.1: Effects of an endurance activity on cardiac and metabolic markers in person with and without spinal cord injury <i>Mr. Senthivelkumar Thangavelu</i></p> <p>OP2.2: Lower limb support ability and its correlation to walking in ambulatory patients with spinal cord injury <i>Mr. Teerawat Nithiatthawanon</i></p> <p>OP2.3: Effectiveness of harness gait training with body weight support gait system in patients with incomplete spinal cord injury (SCI) at CRP in Bangladesh <i>Mohammad Anwar Hossain</i></p> <p>OP2.4: The effect of modified Prasit Thai upper extremity exercises on unsupported sitting balance in paraplegic patients: a randomized controlled trial with assessor-blind <i>Dr. Anuwat Suwannakad</i></p> <p>OP2.5: The Association between the International Spinal Cord Injury Upper Extremity Basic data set and Spinal Cord Independence Measure <i>Dr. Kasan Sotthipoka</i></p> <p>OP2.6: Telephone-based management of pressure ulcers in people with spinal cord injury in low- and middle-income countries: a randomized controlled trial <i>Dr. Mohit Arora</i></p> <p>OP2.7: Anxiety, depression and exercise self-efficacy in paraplegic SCI in patients with pressure ulcer <i>Widya S Sari</i></p> <p>OP2.8: Reliability of the international urodynamic basic spinal cord injury data set <i>Dr. Kittamet Dejkriengkraikul</i></p>	<p>Plenary Session 4: Fact and Future of Recovery after SCI <i>Chairperson: Assoc. Prof. Apichana Kovindha</i> <i>Moderator: Dr. Sintip Pattanakuhar</i></p> <p><i>Leading lectures</i></p> <p>PS4.1: Neurological recovery (40 min) <i>Prof. Wagih El Masri</i></p> <p>PS4.2: Surgery and stem cells (40 min) <i>Dr. Harvider Chhabra</i></p> <p>PS4.3: The effect of N-Acetyl Cysteine (NAC) for improving neurological outcomes in animal model: a systematic review (10 min) <i>Dr. Sintip Pattanakuhar</i></p>
15.00-15.30	Coffee break and viewing posters	
15.30-17.00 (90 min)	<p>Free Paper 3: Work and Community Life after SCI <i>Chairperson: Prof. James Middleton</i> <i>Moderator: Dr. Supattana Chatromyen</i></p> <p><i>Opening lecture</i></p> <p>OP3.1: Early access to vocational rehabilitation: development, implementation and evaluation of a Novel in-patient Service (the in-voc program) (15 min) <i>Prof. James Middleton</i></p> <p><i>Research and case study</i> (8 minutes for presentation and 2 minutes for Q & A)</p> <p>OP3.2: Quality of life after SCI in Thai individuals living in an urban area: an in-depth interview <i>Mr. Aitthanatt Eitivipart</i></p>	<p>Symposium Session 1: After Care <i>Chairperson: Dr. Dirk van Kuppevelt</i> <i>Moderator: Dr. Chatchai Tangvinit</i></p> <p>(10 minutes for each presentation)</p> <p>SS1.1: Multidisciplinary care programme <i>Dr. Dirk van Kuppevelt</i></p> <p>SS1.2: Results from ASCoN questionnaire <i>Dr. Yorck B Kalke</i></p> <p>SS1.3: Fact to be aware of in aftercare: experience in ASCoN countries <i>Stephen Muldoon</i></p>

<p>OP3.3: Barriers to participate in activity of daily livings in the community among the persons with spinal cord injury <i>Mr. Shakhawath Hossain</i></p> <p>OP3.4: Facilitators and barriers of functional independence in spinal cord injury patients with motor useful after discharge from rehabilitation ward <i>Ms. Chutima Muangdan</i></p> <p>OP3.5: Factors influencing the success of home modification in paraplegic SCI individuals in Bangladesh <i>Mr. Mohammad Iqbal Hossain</i></p> <p>OP3.6: Perception of the women with spinal cord lesion about their vocational rehabilitation: an institutional based study <i>Ms. Shamima Islam Nipa</i></p> <p>OP3.7: Proposed sport rehabilitation protocol for friends with spinal cord injury (SCI) <i>Dr. Ratna Gaurang Vora</i></p> <p>OP3.8: What is your choice between health or success? A case series of Thai SCI athletes in the 9th ASEAN Paragames <i>Dr. Sintip Pattanakuhar</i></p>	<p>SS1.4: Community-based care for reducing mortality and improving quality of life after spinal cord injury in Bangladesh: a 3-year update on the CIVIC trial <i>Sohrab Hossain</i></p> <p>SS1.5: Identification of wheelchair skills capacity, confidence and performance level of manual wheelchair users with spinal cord injury in the selected community in Bangladesh <i>Md Julker Nayan</i></p> <p>SS1.6: Access to proper urological care in persons with SCI in Thailand: a preliminary report <i>Dr. Donruedee Sripuppaphon</i></p> <p>Open discussion</p>
---	---

D2: Saturday, 9th December 2017

Time	FHI KHUM Room	BUATHONG Room
<p>08.30-10.00 (90 min)</p>	<p>Plenary Session 5: Urological Issues <i>Chairperson: Assoc. Prof. Apichana Kovindha</i> <i>Moderator: Dr. Sintip Pattanakuhar</i></p> <p><i>(15 minutes for each presentation)</i></p> <p>PS5.1: Urinary tract infection (UTI) <i>Prof. H Madersbacher</i></p> <p>PS5.2: Vesico-ureteric reflux (VUR) <i>Prof. H Madersbacher</i></p> <p>PS5.3: Incontinence <i>Assoc. Prof. Apichana Kovindha</i></p> <p>PS5.4: Urological checkup <i>Prof. F Biering-Sørensen</i></p> <p>Q & A</p>	<p>Free Paper 4: Secondary Conditions and Prevention <i>Chairperson: Assoc. Prof. Siam Tongprasert</i> <i>Moderator: Asst. Prof. Pratchayapon Kammuang-lue</i></p> <p><i>(8 minutes for presentation and 2 minutes for Q & A)</i></p> <p>OP4.1: A telephone-based version of the spinal cord injury – secondary conditions scale: a reliability and validity study <i>Dr. Mohit Arora</i></p> <p>OP4.2: Characteristics of shoulder pain among paraplegic wheelchair user <i>Rubel Ahmad Samir</i></p> <p>OP4.3: Therapeutic dose baclofen-induced delirium in elderly paraplegic patient: aware of risk factors to avoid serious complication <i>Dr. Pimthong Jitsakulchaidej</i></p> <p>OP4.4: The effects of task-oriented training on dressing lower part in paraplegic patient with pelvic fracture: a case report <i>Tarinee Prakobkhong</i></p> <p>OP4.5: One year follow up study on effectiveness of patient education in patients with SCI after discharge <i>Ms. Raveevan Jindamaneesirikul</i></p> <p>OP4.6: Health mechanics: a self management tool for spinal cord injured people: possibilities of introducing through e-learning platform <i>Mohammad Monjurul Karim</i></p>

Time	FHI KHUM Room	BUATHONG Room
10.00-10.30	<i>Morning coffee break & Viewing posters</i>	
10.30-12.00 (90 min)	<p><u>Structured Poster 1: Contest</u> This contest is supported by ISCoS and SPIRIT <i>Chairperson: Assoc. Prof. Siam Tongprasert</i> <i>Moderator: Assist. Prof. Pratchayapon Kummueng-lue</i> <i>Judges: Assoc. Prof. Nazirah Hasnan</i> <i>Dr. YB Kalke</i> <i>Mr. Stephen Muldoon</i></p> <p><i>(3 minutes for presentation and 2 minutes for Q & A)</i></p> <p>SP1.1: Comparison using two forms of bladder diaries for monitoring bladder functions of spinal cord injury patients: a pilot study <i>Leni Kopon</i></p> <p>SP1.2: The feasibility and effect of the mobile-game based respiratory rehabilitation exercise for people with cervical cord injury <i>Hyunju Park</i></p> <p>SP1.3: Maximal respiratory pressures in patients with spinal cord injury from SNMRI (pilot study) <i>Monticha Muangngoen</i></p> <p>SP1.4: The intervention for cervical cord injury patients using their smart phone according to neurological disability level <i>HongKyu Kim</i></p> <p>SP1.5: Increased lower limb loading ability during sit-to-stand associated with possibility of walking progression in ambulatory patients with spinal cord injury <i>Lalita Khuna</i></p> <p>SP1.6: Management of a case with two years traumatic tetraplegic spinal cord injury patient by three track reasoning: a case report <i>Farjana Taoheed</i></p> <p>SP1.7: Impacts of Sports on Psychological Status: Anxiety and Depression for the Spinal Cord Injury Patients <i>Sharmin Alam</i></p> <p>SP1.8: Association between duration of spinal cord injury and depression <i>Dr. Anada Marina</i></p> <p>SP1.9: Using the International Classification of Functioning Disability and Health Comprehensive Core Set to measure environmental barriers and facilitators in persons with chronic spinal cord injury in Indonesia <i>Dr. Sharon Loraine Samuel</i></p> <p><u>Non-contest</u> <i>Chairperson: Assoc. Prof. Siam Tongprasert</i> <i>Moderator: Mrs. Maggie Muldoon</i> <i>(3 minutes for presentation and 2 minutes for Q & A)</i></p> <p>SP1.10: Association between SCI profile with length of stay in rehab ward and SCIM III at discharge in Fatmawati General Hospital, Indonesia <i>Listyani Herman</i></p>	<p><u>Free Paper 5: Digestive and Metabolic Dysfunctions</u> <i>Chairperson: Assoc. Prof. Julia E Patrick</i> <i>Moderator: Dr. Sintip Pattanakuhar</i></p> <p><i>Leading lecture (15 minutes)</i> OP5.1: What's wrong with digestive system after SCI? <i>Assoc. Prof. Apichana Kovindha</i></p> <p><i>Case study</i> <i>(8 minutes for presentation and 2 minutes for Q & A)</i> OP5.2: Colonic obstruction from sigmoid volulus in tetraplegics: common symptom from uncommon cause <i>Dr. Sintip Pattanakuhar</i></p> <p>OP5.3: Dysphagia in Traumatic Cervical Spinal Cord Injury with A Large Anterior Bridging Osteophyte: A Case Report <i>Dr. Nita Theresia Reyne</i></p> <p>OP5.4: Severe Hyponatremia in SCI: Who Is at Risk and How to Treat? <i>Dr. Supattana Chatromyen</i></p> <p><i>Ending lecture (15 minutes)</i> OP5.5: Bowel care: why is it important? <i>Assoc. Prof. Julia E Patrick</i></p>

	<p>SP1.11: When delivery of standard care is not delivering enough: managing dual disabilities of clavicular fracture in a complete thoracic spinal cord injury patient: a case report <i>Dr. Judy Kwong Kee Ngu</i></p> <p>SP1.12: Non-traumatic spinal cord injury case profile in Fatmawati General Hospital <i>Dr. Ronald Pakasi</i></p> <p>SP1.13: A Rare Case Intra-Medullary Thoracic Tuberculoma and Tuberculous Myelitis Of The Spinal Cord Presenting With Paraplegia : A Case Report <i>Dr. Novaria Puspita</i></p> <p>SP1.14: T2 spinal compression fracture due to tuberculosis spondylitis: can we mobilize patient without stabilization? <i>Dr. Neidya Karla</i></p> <p>SP1.15: Psychosocial-economic impact in management of traumatic spinal cord injury patient in Indonesia: a case report <i>Dr. Meinar Ferryani</i></p> <p>SP1.16: Unique cause of spinal cord injury in India <i>Dr. Ratna Gaurang Vora</i></p> <p><u>Poster Only</u></p> <p>SP1.17: Dual disabilities in a spinal cord injury patient <i>Dr. Audrey Wong</i></p> <p>SP1.18: Rehabilitation conservative Management in Spinal Cord Injury Patient due to Syringomyelia and Multiple Congenital Anomaly: A Case Report <i>Dr. Vanydia Aisyah</i></p> <p>SP1.19: Pelvic floor muscle exercise and biofeedback therapy following electrical stimulation in patient spinal cord injury with neurogenic bladder dysfunction: a preliminary study <i>Stephanie Therodora Yulinda</i></p> <p>SP1.20: Sports for recreation during admission for rehabilitation <i>Narongrat Sawattikanon</i></p> <p>SP1.21: Enabling early decompression surgery for spinal cord injury (SCI) using malaysia Social security (SOCSO) Epulih Online Solution <i>Dr. Ong Kuo Ghee</i></p> <p>SP1.22: Safety of UDS for SCI patients with asymptomatic pyuria or bacteraemia: asymptomatic pyuria or bacteraemia do not increase risk of UTI after UDS with prophylactic antibiotics <i>Wonsan Seo, Kyungok Chung</i></p> <p>SP1.23: Comparison of Rehabilitation Outcomes between SCI and Non-SCI Specialized Rehabilitation Facilities in Thailand: Results from the Thai Spinal Cord Injury Registry (TSCIR) <i>Sintip Pattanakuha</i></p>	
12.00-13.00	Lunch break: Enjoy Thai foods; and Halal Foods for Muslim	

Time	FHI KHUM Room	BUATHONG Room
13.00-14.00 (60 min)	<p><u>Free Paper 6: Voice of Customer – What Rehab Team Should Know</u> <i>Chairperson: Ms. Nipapan Tipayajak</i> <i>Moderator: Dr. Chatchai Tangvinit</i></p> <p><i>(8 minutes for presentation and 2 minutes for Q & A)</i></p> <p>OP6.1: The hazards in aging with SCI <i>Mr. Aaron Vamosh</i></p> <p>OP6.2: Managing common problems of uncommon SCI's <i>Ms. Rajshari Gunvantrao Patil</i></p> <p>OP6.3: Use of focus group for voices of SCI patients on leisure activities during post-acute rehab phase <i>Mrs. Arunothai Sukkraitthai</i></p> <p>OP6.4: My career, my home <i>Mr. Manakit Taolorm</i> <i>Presented by Dr. Chatchai Tangvinit</i></p> <p>OP6.5: Inspiration of my life <i>Miss. Sudarat Thinnchak</i></p> <p>OP6.6: From a burden to a change agent <i>Mr. Atthapon Kantha-udom</i> <i>Presented by Dr. Supattana Chatromyen</i></p> <p>Open discussion</p>	<p><u>Symposium Session 2: SCI Rehab Services – Lessons Learned from ASCoN and European Countries</u> <i>Chairperson: Prof. F Biering-Sørensen</i> <i>Moderator: Assoc. Prof. Apichana Kovindha</i></p> <p><i>(10 minutes for presentation and 2 minutes for Q & A)</i></p> <p>SS2.1: Korea <i>Dr. Bum-Suk Lee</i></p> <p>SS2.2: Rehabilitation service in Malaysia <i>Dr. Yusniza Modh. Yusof</i></p> <p>SS2.3: Bangladesh: University SCI rehab unit as the center of excellence development updates <i>Prof Taslim Uddin</i></p> <p>SS2.4: Thailand: Should we have a specialized rehab center/facility for SCI? <i>Assoc. Prof. Apichana Kovindha</i></p> <p>SS2.5: Treatment and Rehabilitation after SCI in Denmark <i>Prof. F Biering-Sørensen</i></p> <p>Open discussion</p>
14.00-15.00 (60 min)	<p><u>Free Paper 7: Design and Technology for Mobility</u> <i>Chairperson: Dr. Sintip Pattanakuhar</i> <i>Moderator: Dr. Luntarima Suttinoon</i></p> <p><i>(8 minutes for presentation and 2 minutes for Q & A)</i></p> <p>OP7.1: Challenges and potential solutions of effective assistive device technology service delivery system <i>Mr. Nekram Updhyay</i></p> <p>OP7.2: Safety adaptability, compliance and benefits of CYBO LIMB – robotic exoskeletal orthosis for rehabilitating spinal cord injury patients with lower limb neurological deficit – a pilot study <i>Asst. Prof. Karthikeyan Ramachandran</i></p> <p>OP7.3: The usability test of mechanical and robot assisted gait system in patient with spinal cord injury a pilot study <i>Wang Jae Lee</i></p> <p>OP7.4: New assistive technology for wheelchair: my personal experience <i>Mr. Aaron Vamosh</i></p> <p>OP7.6: Effectiveness of using Driving Simulator in Driving Rehabilitation Clinic <i>Mr. Auttapon Wongtakeaw</i></p>	
15.00-15.30	Coffee break	
15.30-18.00	SE3: Outdoor activity at Chiang Mai Night Safari or Rachapruck Botanical Garden (option)	

D3: Sunday, 10th December 2017

Time	FHI KHUM Room	BUATHONG Room
08.30-09.10 (90 min)	<p><u>Symposium Session 3: Building and Maintaining Human Relationships</u> <i>Chairperson: Dr. Stanley Ducharme</i> <i>Moderator: Dr. Bum Suk Lee</i></p> <p>(10 minutes for presentation)</p> <p>SS3.1: Current status of traumatic tetraplegic married women in the community: a phone call survey experienced at CRP <i>Dr. Sayeed Uddin Helal</i></p> <p>SS3.2: Sexual well-being of patients with spinal cord injury: an approach from physiotherapist's perspective <i>Ms. Azizatul Smrity</i></p> <p>SS3.3: Sexuality issues of persons with SCI, why & how to address <i>Mr. Shivjeet Singh Raghav</i></p> <p>SS3.4: Physician's view on sexuality of persons with SCI <i>Dr. Bum Suk Lee</i></p> <p>SS3.5: A higher level of intimacy: caregiver for your own loved one <i>Ms. Miriam Feinberg Vamosh</i></p> <p>SS3.6: An interdependent living with my caregiver <i>Ms. Busara Booranapansri</i></p> <p>SS3.7: 30 years of my personal experience dealing with chiefs and colleagues <i>Ms. Nipapan Tipayajak</i></p> <p>SS3.8: Psychologist's view on relationships <i>Dr. Stanley Ducharme</i></p> <p>Open discussion</p>	<p><u>Plenary Session 6: Research in SCI and International Data Sets for SCI</u> <i>Chairperson: Prof. Wagih El Masry</i> <i>Moderator: Dr. Sintip Pattanakuhar</i></p> <p>PS8.1 Research in SCI (20 min) <i>Prof. Doug Brown</i></p> <p>PS8.2: The use of the International SCI Standards and Data Sets in clinical practice and research – current situation (40 min) <i>Prof. Fin Biering-Sørensen</i></p> <p>PS 8.3: Open discussion Is walking Index for Spinal Cord Injury II (WISCI II) proper for all SCI persons walking with spasticity? (10 min) <i>Dr. Sintip Pattanakuhar</i></p>
10.00-10.30	Coffee break	
10.30-12.00 (90 min)	<p><u>Plenary Session 9: How to make tetraplegic hands function?</u> <i>Chairperson: Assoc. Prof. Siam Tongprasert</i> <i>Moderator: Associate Prof. Pratchayapon Kammuang-lue</i></p> <p>PS9.1 Surgery for tetraplegic hands <i>Assoc. Prof. Kanit Sananpanich</i></p> <p>PS9.2 Rehab therapy <i>Assoc. Prof. Siam Tongprasert</i></p> <p>Q & A</p>	<p>ASCoN Executive meeting <i>For ASCoN executive members only</i></p>
12.00-12.30	Announcement of ASCoN awards, closing remarks End of the 16th ASCoN Conference	
12.15-13.30	Lunch	
13.30-18.00	ASCoN Strategic Review Workshop (This workshop is supported by the Rick Hansen Institute) <i>For ASCoN executive members and invited persons only</i>	BUATHONG Room

Monday 11st December 2017

09.00-16.00	IDAPP Workshop (This workshop is supported by the Rick Hansen Institute and SPIRIT) <i>For IDAPP members and invited persons only (20 participants)</i>	San Pareni Hotel
